

Teacher Standard Operating Procedure (SOP)

Introduction

This Standard Operating Procedure (SOP) defines the responsibilities, workflows, timelines, and operational standards that all instructors must follow while teaching through the Learning Management System (LMS).

The purpose of this SOP is to:

- Ensure consistency in course delivery
- Maintain academic quality
- Improve student learning outcomes
- Standardize teaching workflows
- Support institutional compliance

This document applies to:

- Full-Time Faculty
 - Adjunct Faculty
 - Guest Lecturers
 - Industry Mentors
 - Teaching Assistants
-

Chapter 1: Teacher Responsibilities

Every instructor is responsible for:

Academic Responsibilities

- Delivering course content
- Conducting live classes
- Evaluating assignments
- Supporting student learning
- Maintaining academic standards

Administrative Responsibilities

- Marking attendance
- Updating LMS records
- Uploading learning materials
- Publishing announcements

Student Support Responsibilities

- Clarifying doubts
 - Providing feedback
 - Mentoring students
 - Monitoring progress
-

Chapter 2: Daily Workflow

Recommended daily workflow:

```
graph TD; A[Start of Day] --> B[Check LMS Notifications]; B --> C[Review Student Queries]; C --> D[Prepare Teaching Material]; D --> E[Conduct Classes]; E --> F[Update Attendance]; F --> G[Review Submissions]; G --> H[Respond to Questions]; H --> I[End of Day Summary];
```

Teachers should allocate dedicated time for student support and evaluation activities.

Chapter 3: Weekly Workflow

Every week teachers should:

Monday

- Review teaching plan
- Confirm scheduled sessions

Tuesday–Thursday

- Conduct live classes
- Provide support

Friday

- Review assignments
- Publish feedback

Weekend

- Update progress reports
 - Prepare upcoming modules
-

Chapter 4: Course Planning SOP

Before a course begins:

Review Curriculum

Verify:

- Modules
- Learning outcomes
- Assessments
- Project requirements

Prepare Resources

Examples:

- Slides
- Notes
- Demonstrations
- Assignments

Create Schedule

Prepare:

- Weekly topics
 - Deadlines
 - Assessment dates
-

Chapter 5: Pre-Class SOP

At least 30 minutes before class:

Verify Technology

Check:

- Internet connection
- Microphone
- Camera
- Presentation slides

Review Content

Confirm:

- Learning objectives
- Demonstrations
- Exercises

Open LMS Tools

Prepare:

- Attendance screen
- Learning materials
- Meeting links

Chapter 6: Live Class SOP

Start Class

- Begin on time
- Welcome students
- Explain objectives

During Class

- Deliver content
- Encourage questions
- Use examples
- Monitor engagement

End Class

- Summarize key points
- Assign follow-up activities
- Share resources

Recommended structure:

Introduction	10%
Teaching	60%
Activity	20%
Discussion	10%

Chapter 7: Attendance SOP

Attendance should be recorded for every session.

Process:

```
Class Conducted
    ↓
Verify Participation
    ↓
Mark Attendance
    ↓
Save Record
```

Attendance should be updated immediately after class.

Chapter 8: Resource Upload SOP

After each module:

Teachers should upload:

- Lecture notes
- Slides
- Sample code
- Recordings

Naming convention:

Module-01-Introduction.pdf

Module-02-React-Hooks.pdf

Resources should be organized by module.

Chapter 9: Assignment Creation SOP

Assignments should include:

Title

Description

Learning Objective

Submission Instructions

Deadline

Evaluation Criteria

Before publishing:

Verify:

- ✓ Instructions Clear
- ✓ Deadline Set
- ✓ Marks Assigned
- ✓ Module Linked

Chapter 10: Assignment Evaluation SOP

Workflow:

Submission

↓

Review

↓

Evaluate

↓
Write Feedback
↓
Publish Grade

Recommended turnaround:

Within 7 Days

Chapter 11: Feedback SOP

Feedback should include:

Strengths

Example:

Excellent component structure.

Improvements

Example:

Add proper error handling.

Recommendation

Example:

Implement validation and testing.

Avoid vague comments.

Chapter 12: Handling Student Questions

Teachers should:

- Encourage questions
- Respond respectfully
- Clarify misconceptions

Response time:

Within 24-48 Hours

If an answer requires verification:

Research
↓
Confirm
↓
Respond

Never provide unverified technical information.

Chapter 13: Student Mentoring SOP

Monitor:

- Attendance
- Performance
- Participation

Identify:

High Performers

Provide:

- Advanced challenges
- Research opportunities

At-Risk Students

Provide:

- Additional support
 - Mentoring sessions
 - Practice exercises
-

Chapter 14: Academic Integrity SOP

Monitor:

- Plagiarism
- Unauthorized collaboration
- Assessment misconduct

Procedure:

```
graph TD; A[Identify Issue] --> B[Collect Evidence]; B --> C[Document Findings]; C --> D[Notify Coordinator];
```

Maintain confidentiality throughout investigations.

Chapter 15: Live Class Recording SOP

After every live session:

Save Recording

Verify Quality

Upload to LMS

Assign Module

Recommended upload timeline:

Within 24 Hours

Chapter 16: Announcement SOP

Use announcements for:

- Deadline reminders
- Schedule changes
- Workshops
- Academic updates

Announcement structure:

Title
Purpose
Action Required
Deadline

Announcements should be concise and clear.

Chapter 17: Progress Monitoring SOP

Weekly review:

Attendance

Assignment Completion

Performance Trends

Student Engagement

Indicators:

Green → Healthy Progress
Yellow → Needs Monitoring
Red → Immediate Attention

Chapter 18: Escalation SOP

Escalate issues when:

Academic Misconduct

Student Harassment

Technical Problems

Repeated Non-Participation

Workflow:

```
graph TD;
    A[Teacher] --> B[Academic Coordinator];
    B --> C[Department Head];
```

Document all escalations.

Chapter 19: Reporting SOP

Monthly reports should include:

Attendance Summary

Assignment Statistics

Student Performance

Challenges Encountered

Improvement Recommendations

Reports support academic planning and quality assurance.

Chapter 20: Course Completion SOP

At course completion:

Verify Attendance

Finalize Grades

Review Assessments

Archive Materials

Submit Reports

Checklist:

- ✓ Attendance Complete
- ✓ Grades Published
- ✓ Feedback Submitted
- ✓ Resources Archived
- ✓ Reports Submitted

Chapter 21: Performance Standards

Teachers are expected to:

- Start classes on time
- Respond promptly
- Maintain professionalism
- Follow evaluation timelines
- Support student success

Performance indicators:

Attendance Accuracy
Student Satisfaction
Evaluation Timeliness
Course Completion Rates

Chapter 22: Continuous Improvement

Teachers should participate in:

- Technical workshops

- Industry certifications
- Faculty development programs
- Peer reviews

Continuous improvement ensures high-quality education delivery.

Summary

This SOP establishes standardized teaching workflows covering course preparation, live class management, attendance, evaluation, mentoring, communication, reporting, and academic integrity. Following these procedures ensures consistent educational quality, operational efficiency, and positive learning outcomes for students across all programs.
